

Compact AC Power Unit

AC-M50

Accessory: AC cable

It condenses 50 W power into the small, light-weight and robust aluminum body.

As for the output, it is equipped with 2 output of the cam tap and Canon 4-pin. The AC input prevents the disconnection fault of the cable with 3-pin connector. It realized to make a space-saving by making compact as far as it was possible. It supports the decentralization of the power by the economical price setting.

AC-M50 Specifications

Input part	Input	AC85V - 132V (50Hz/60Hz)
Output part	Output	Canon 4P x1, Cam tap x1 DC12V (measurement 13.5V) less than 50W
General	Weight	approx. 450g
	Dimension	85 x 36 x 120mm (WxHxD)
	Operation temperature	10°C - 40°C
	Operating humidity	20% - 80%
Accessory	AC cable	

Option

V Shoe Adaptor AC-VS50

Adapter to attach AC-M50 to V mount which attaches Sony lithium-ion battery

DC Cable 3m DC-C40M3

XLR 4pin male - XLR 4pin female. 3m.

DC Cable 5m DC-C40M5

XLR 4pin male - XLR 4pin female. 5m.
