

RCA direct output of line level

LCM-500

Line microphone

Accessory: Window screen, Unit 3 dry battery x2, microphone holder

**Line level output is possible without microphone amplifier.
Line level output microphone optimal for the recording back-up**

It is equipped with the RCA output terminal to microphone main unit as standard. It supports consumer type audio video equipment and so on, too.

It realizes RCA output without mixer.

About 500 hours are usable with two unit 3 alkaline batteries.

LCM-500 Specifications

Overall characteristic	Type	Electric condenser type
	Directional-characteristics	Omni-directional
	Frequency characteristic	80 - 10,000Hz
	Sensitivity	about -20dB
	Output impedance	15kohm
	Adaptable load	Above 3Kohm
	Maximum input sound pressure level	118dB SPL
Power supply	Power	Unit 3 dry battery (SUM-3) x2
	Current consumption	Less than 600 μ A
	Battery life	about 500 hours (It depends on the conditions for use.)
General	Dimension	about Φ 22 x 241mm
	Weight	approx. 450g
Accessory	Window screen, Unit 3 dry battery (SUM-3) x2, microphone holder
