

PROTECH®

Shoulder Adaptor

ST-7

It realizes stable shooting like a shoulder type camcorder.

ST-7

ST-7JS

**Shoulder Adaptor for
HVR-Z7/Z5**

ST-7JS

It attaches a lithium-ion battery and so on directly.

It is possible to attach a Sony lithium-ion battery to the rear of the shoulder adaptor ST-7 directly. It becomes possible to supply DC power to a camcorder with an optional power cable. DC out is equipped on the side panel to supply DC power to a light or a monitor.

It can be attached to Sony tripod adaptor base VCT-14/U14.

A high-quality new generation camcorder can be attached to or removed from the tripod base at one-touch operation same as a shoulder type camcorder.

It fully supports a high-quality EX camcorder.

Video signal relay terminal is equipped.

There is a camera which is equipped with the output terminal with special type connectors. ST-7 provides common type of output connectors so that they can make the cable connection / disconnection more convenient and stable.

Suitable weight balance (ST-7JS)

ST-7JS is equipped with a handle. Shoulder operation of Sony HVR-Z7/Z5 with suitable balance is possible. View finder of a camcorder can be used.
